

LIGHT

*of the George Washington
Masonic National Memorial*

ALEXANDRIA, VIRGINIA • VOLUME 27 • NUMBER 1 • 2021

Approaching the 2023 Cornerstone Centennial

The Memorial is a profound expression of our Craft's intention to make tangible the profound respect and admiration that we feel for George Washington, America's foremost Freemason. Washington was not just our first President, but a man whose adherence to his integrity changed the lives of millions forever. Our vision is "to inspire humanity through education to emulate and promote the virtues, character, and vision of George Washington, the Man, the Mason, and Father of our Country."

In 1923, the Memorial's cornerstone was laid as thousands gathered to witness the event. President Calvin Coolidge watched as the very trowel that George Washington once used to lay the cornerstone of the U.S. Capitol was pressed into labor again. Upon that cornerstone the Memorial was erected, and since then it has stood as the greatest tribute to Washington that Freemasonry could offer, and (since 2015) a National Historic Landmark.

The centennial of that cornerstone ceremony is nearly upon us, and it is our great pleasure to extend to you a cordial invitation to a special re-dedication of our cornerstone on February 20, 2023. This will be an opportunity for supporters of the Memorial from around the world to join in a celebration both of the Memorial's past as well as its future in the century to come.

For the last decade, we have worked to restore the Memorial, from top to bottom, in order to ensure that visitors will forever be able to benefit from its uplifting message.

Visitors come here from all over the world to be inspired by Washington's life, as well as to learn about Masonry and how it is part of our national fabric. This message is more vital and relevant than ever before. Please join us on February 20, 2023, for a day of celebration, including a parade from historic Alexandria to the steps of the Memorial. The ceremony will be followed by photographs, a reception, entertainment, and a Gala Birthday Banquet. Plan now to attend, and be part of our second century of making history.

The Memorial's cornerstone at dawn. Its dedication ceremony in 1923 was a national Masonic event. Join us in 2023 to re-dedicate the cornerstone and be a part of the Memorial's next century of service.

PRESIDENT'S MESSAGE

A Vision of the Future

by Claire V. Tusch

Composing my first message as President of the George Washington Masonic National

Memorial, I am extremely grateful to be elected by the Grand Masters of the United States to the pinnacle of leadership of the Memorial Association. I am awed by the opportunity to continue to work with a remarkable team of dedicated Board members, great Masons from across this land, staff, and other stakeholders who labor tirelessly in support of our mission.

Several years ago, I brought a young Mason to the Memorial. As the structure came into our field of view, he gasped and exclaimed *wow*. Charting the Memorial's future is something I could not have imagined years ago when I first saw the Memorial, and, like my young friend, exclaimed *wow*.

I still experience that awe. The Memorial is a remarkable architectural monument to the legacy of Brother Washington — and so much more than granite and mortar. Louis Watres, the second President of the Memorial Association, so eloquently stated: "It is a monument to civil and religious liberty and the

CONTINUED ON PAGE 2

stable, orderly and constitutional government that was founded, and formed, by Washington and the galaxy of patriotic men among whom were included the foremost Masons of his time."

The past year, public health restrictions due to the pandemic resulted in significant loss of revenue – causing us to trim expenses and slow our timetable. But when our restoration work wraps up we will be able to direct more resources to educational and inspirational initiatives which will reflect our shared vision to illuminate George Washington's life, to be a center of Masonic education, and to shine the Light of Freemasonry to the world. To further our vision, we are growing our cadre of trained Memorial Ambassadors. Additionally, there are other educational initiatives being considered to serve and support the Craft beyond 2023.

Planning and preparation for our centennial Cornerstone Dedication Reenactment, Monday, February 20, 2023 is shifting into high gear. Ken Nagel, our First Vice President, is spearheading the planning for this historic event. In 1923 over 12,000 masons were in attendance. Watch for more information going forward. Please save the date and plan to attend this once in a lifetime event. It is up to us – each of us – to keep our heritage and to support, sustain and perpetuate our Memorial in order that it may grow in its mission and service to Freemasonry and to all mankind for another hundred years. We are most grateful for the individual and organizational support that has been received to date. Your future efforts to sustain and perpetuate the mission are essential. But most importantly, please visit your Memorial and be wowed and inspired for a lifetime.

New Board Members Elected

At the Memorial Association's Annual Meeting which was held at the George Washington Masonic National Memorial in Alexandria, Virginia – and via teleconference – in February, four new Board Members were elected and one Board Member and two Officers were re-elected. These Board Members will serve until 2024.

OUR VISION
*To inspire humanity
through education
to emulate and promote
the virtues,
character, and vision
of George Washington,
the Man, the Mason,
and Father of our Country.*

MESSAGE FROM ALEXANDRIA

Washington's Resilience is a Lesson for our Times

by George D. Seghers

On October 27, 1789, George Washington wrote to the inhabitants of Boston: *“Your love of liberty — your respect for the laws — your habits of industry — and your practice of the moral and religious obligations, are the strongest claims to national and individual happiness.”*

At this time of civil unrest and social and economic uncertainty in our nation we should pay heed to these words of our First President. Liberty and freedom and the corresponding happiness, both national and individual, are not given, but, are to be earned through respect for law, and respect for each other, being a productive member of society, and living a life of high moral and ethical standards. As Freemasons we should be acutely aware of our responsibilities to society and our fellow beings in this greatest of nations. The founding principles of our nation are very much in tune with the teachings and tenets of our fraternity. We have an opportunity and a duty to set the example of right conduct for our fellow citizens. To do this we simply have to live the tenets and teachings we receive in our Lodges.

2020 was a challenging and somewhat difficult year. However, compared to the trials and tribulations that Washington and the soldiers of the Continental Army faced, it was not all that bad. The Memorial was closed for many months and consequently we did not earn that portion of our income that we receive from

entrance fees and public rentals. Thanks to the generosity of our Member Grand Lodges and many Lodges, Masonic Organizations and individuals we were able to keep the Memorial offices staffed and functioning. Even though we were not open to the public, we did complete a major project and a new program. The installation of new windows in Memorial Hall was completed. Memorial Hall is now bathed in golden light which makes the space welcoming and warm. Now the beautiful murals on both sides of the hall can be seen as intended, and their majestic colors and exquisite artistry can now be clearly viewed and appreciated. Special thanks goes to the Masonic Charity Foundation of Oklahoma and the Grand Lodge of Minnesota who each sponsored a new window. Also the Supreme Council, Ancient Accepted Scottish Rite, Northern Masonic Jurisdiction, the Valley of Pittsburgh, Ancient Accepted Scottish Rite, the Pennsylvania Masonic Youth Foundation and Pennsylvania DeMolay sponsored a new Memorial Hall window in honor of R.W. Brother Samuel C. Williamson. Thanks also go to the Grand Lodge of Oregon, the California Masonic Foundation, and the District of Columbia Scottish Rite Foundation who all made significant contributions to the project as did several individuals, organizations and lodges. There remains an opportunity to sponsor and dedicate the three remaining windows, which have been installed but are not completely paid for. Please see the story

On a beautiful early summer day, the Memorial stands as a beautiful sentinel in honor of George Washington.

on page 8 and contact us if you would like to contribute to this project. The Memorial also introduced a new program for 2021 with the presentation of a Memorial wall calendar. The calendar has outstanding photographs of the Memorial and quotes from Washington, and has been a huge success with contributions from many old and many new donors.

We are pleased to welcome Timothy B. Strawn as our Director of Development. Tim brings many years of development experience and expertise to the Memorial and is the Memorial Association's first professional Director of Development. Tim is an active and involved Mason as well as being a consummate professional and brings new positive energy and enthusiasm to the Memorial Association. (See Tim's report on page 7.)

Charity truly should begin at home, and that is certainly true of our Board of Directors. They give their time, talents and resources to insure the perpetuation of the Memorial. Our Board of Directors Members serve a three year term and then rotate off the Board. We thank and will miss Board Members Michael G. Rodman from South Dakota and John S. Ryan from New Jersey who completed their terms February 22, 2021. Both were and are active, engaged and contributing Board Members and we are confident they will continue to promote and assist the Memorial into the future. We mourn the passing of two Board Members, Stephen J. Ponzillo III from Maryland and John R. "Bo" Cline from Alaska. Both of these Brothers served two terms on the Board of Directors and were outstanding men and Masons. They are greatly missed. We will also miss our immediate Past President, J. F. "Jeff" Webb, Past Grand Master of Louisiana. Jeff was nominated for Board Membership under the Presidency of Anthony P. "Tony" Wordlow. Tony was an outstanding President and a driving force in the restoration and conservation of the Memorial. Jeff served on the Board of

Directors from 2009 to February of 2021. Jeff was elected an Officer of the Association in 2013 and served as our President in 2019 and 2020. As President of the Memorial Association Jeff was a leader with vision, focus, and strength. It was an honor to work with him, and we know he will continue to work with us.

On February 20, 2023 the Memorial Association will celebrate the 100th anniversary of the laying of the cornerstone of the Memorial with a re-enactment of the Cornerstone Dedication. (Please see the story on page 1.) It was the hard work, dedication, and generosity of the Freemasons of the United States that made The George Washington Masonic National Memorial a reality. What began as a dream and a desire to emulate and promote the memory, virtues, character and vision of the Father of Our Country in enduring stone resulted in this magnificent Memorial to George Washington.

The long-range plan formulated by the Board of Directors has resulted in the restoration and conservation of the Memorial reaching its final phase. The project to completely restore and conserve the Memorial was initiated by a Conditions Assessment Report completed in May of 2009. The stabilization and restoration of the Memorial is well underway and the majority of the most difficult and most expensive work has been completed. Our goal was and is to complete the restoration prior to the Cornerstone Re-Dedication February 20, 2023.

The work that has been done and the work that is to be done would not be a reality without the support of the Freemasons of the America and the Friends of the Memorial. It is the generous support of Grand Lodges, Lodges, Masonic Organizations, and individuals that is moving the Memorial and its projects and programs forward. On behalf of the Officers and members of the Board of Directors, I extend our sincere thanks and appreciation. Please come and visit your Memorial.

George Washington Finds Freemasonry

by Mark A. Tabbert

Freemasonry probably appeared in Virginia in the mid-1730s, but records of any occasional lodges, even if they were kept, are lost. A long-running dispute remains over the first Virginia lodge to appear on the English rolls, listed as N^o 172 meeting at the Royal Exchange, Norfolk. Some argue it was chartered in 1733, others in 1753. Another lodge, N^o 204, is listed as meeting at York Town in 1755, but none of its records survive.

Closer to Washington's home, a lodge formed in Annapolis, Maryland. It was chartered in 1750 from Boston by Thomas Oxnard, Provincial Grand Master of the Grand Lodge of England. When it formed is unclear, but in December 1749, the Rev. William Brogden delivered *Freedom and Love, a Sermon Preached before the Ancient and Honourable Society of Free and Accepted Masons, in the Parish Church of St. Anne, in the City of Annapolis*. Six months later, the Annapolis brethren enjoyed the Rev. John Gordon's sermon *Brotherly Love Explain'd and Enforc'd*. Both sermons were printed by Jonas Green in 1750 and are counted as the fourth and fifth known Masonic books published in North America.

When and how Washington learned of Freemasonry is unknown. Perhaps he read one of the Annapolis sermons or heard of the Fraternity from individual British merchants or sailors in, or around, Fredericksburg. His limited world greatly expanded in 1743 when his half-brother Lawrence (1718–1752) married Anne Fairfax. Washington became close friends with Anne's brothers George William (1724–1787) and Bryan (1736–1802) Fairfax. The teenage Washington spent many days riding with them and many evenings at the Fairfax estate. Through these friendships Washington gained the knowledge of a greater British Empire and the fashions and ideas radiating from London. But it was during his trip to Barbados in 1751 that young Washington first encountered a mature British colonial society.

Washington sailed to the southern Caribbean island with Lawrence, who hoped the warmer climate would cure his tuberculosis. In November the brothers arrived in Bridgeport — the largest town Washington had ever seen. They spent the first few days touring the island and being received in British society. Within two weeks Washington contracted small pox. Although not life-threatening, it forced him into quarantine until early December, when he sailed for home. Lawrence, still hoping for a cure, went on to Bermuda.

In 1740, the Grand Lodge of England had chartered Saint Michael's Lodge N^o 186 in Bridgetown. In 1752, the year after Washington left, two more lodges, St. John's N^o 260 and St. Peter's N^o 261, were chartered. Though a small island, it may have contained over 150 brothers. It is quite possible Washington, while in Bridgetown, heard of St. Michael's Lodge or met a member of the lodge and thereby learned of the Craft.

The months between Washington's return from Barbados in January 1752 and his Masonic initiation in November were as unsettling as his father's death nine years before. While Lawrence was away, Washington assumed a greater role in overseeing Mount Vernon. After Lawrence's death on July 2, Washington took full responsibility for the plantation. He also became the legal guardian of Lawrence's widow, Anne Fairfax, and their young daughter, Sarah. All this occurred while he remained obliged to look after his mother, Mary, and his younger siblings living in Fredericksburg.

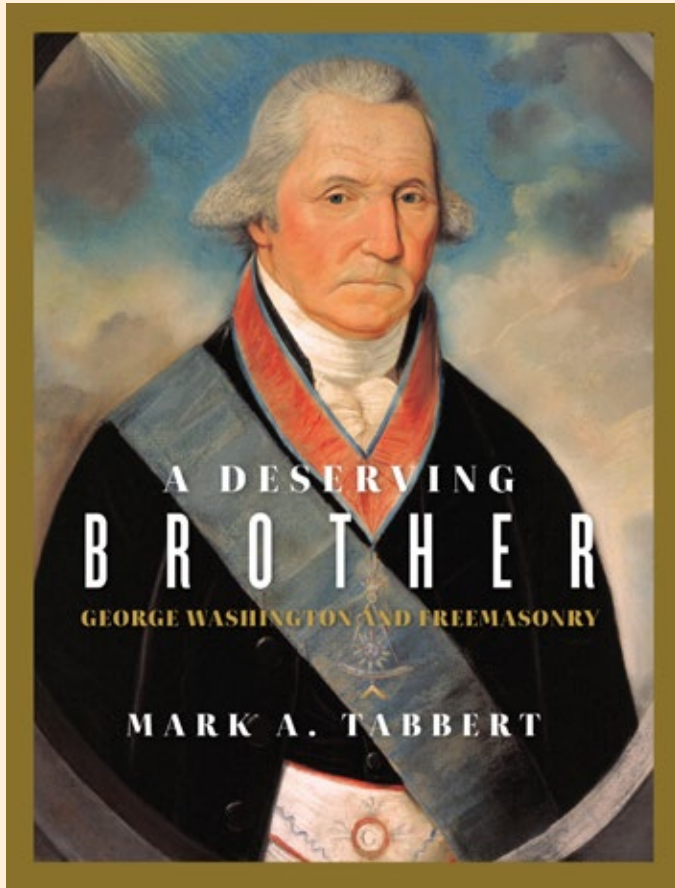

During that summer, a dozen or so men in Fredericksburg organized a Masonic lodge. Many of these men were tobacco merchants who had joined the Craft in Scotland. But there were Freemasons in the area from other places with other trades — including soldiers. If Washington had met Freemasons on Barbados, it is reasonable that upon hearing of the lodge, he sought admission.

George Washington joined Freemasonry in the Lodge at Fredericksburg, Virginia, through three progressive ceremonies, or degrees. He was initiated an Entered Apprentice on November 4, 1752. Four months later, on March 3, 1753, he was passed to the second degree of Fellow Craft. On August 4, 1753, he was raised to the third degree of Master Mason. He remained a member of this lodge for the rest of his life.

Freemasonry's initiation ceremonies, along with its so-called secret grips and words, have appeared in print since the 1720s, but the exact version of the ceremonies Washington received is unknown, as the Lodge's minutes include no descriptions. The printed version that probably comes closest to the ceremonies Washington received appeared in the 1760 exposé *Three Distinct Knocks*. Although published in London eight years after Washington's initiation, the seventy-two-page pamphlet scripts the Masonic rituals most common in Irish and English "Ancient" lodges as well as in many Scottish lodges in the 1750s.

The lodge opened with Washington (the candidate) outside in a waiting room. There, he was divested of his worldly possessions and blindfolded (or hoodwinked). His conductor led him to the lodge door where he was required to make three distinct knocks. The door opened, and a lodge officer asked several questions that either Washington, or his conductor, answered. With the permission of the Master, he was received into the lodge room. A prayer was given and his conductor then led him around the room, so all present could identify him and affirm he was properly prepared for initiation. He was then taken to the lodge's altar and caused to kneel. With his hands touching a Bible, Washington took upon himself an obligation recited to him by the Master. The obligation was essentially a promise to keep Freemasonry's secrets and uphold

Announcing a New Book about George Washington's Masonic Life

This article, “George Washington Finds Freemasonry,” is an excerpt from the upcoming new book by the Memorial’s Director of Archives and Exhibits, Mark A. Tabbert.

‘A Deserving Brother’: George Washington and Freemasonry, to be published in 2022 by the University of Virginia Press in conjunction with The George Washington Masonic National Memorial Association, will be the definitive account of Brother Washington’s Masonic membership. Relying on the latest research, this book will fully explore Washington’s relationship with the fraternity, including a chronology of his involvement, color photos of documents, minute books, aprons and other entries which bring his Masonic life to light. Also featuring:

- An Introduction by Dr. Edward Lengel, Ph.D.
- Over 60 entries on the items that document Washington’s Masonic membership, with annotations placing the item into the context of Washington’s life.

This book will make a great gift – for birthdays, Father’s Day, Christmas, Masonic installations – any time! Please watch our website or the next issue of *LIGHT* for more details about this important new release.

its constitutions.

The obligation complete, the hoodwink was removed as the brothers gave a surprising clap. The Master then greeted Washington as a Masonic brother and presented to him a white lambskin apron. Then and now, the apron is the badge of a Freemason and must be worn when in a lodge meeting. He was also taught the grip and word of an Entered Apprentice.

According to *Three Distinct Knocks* – an exposé of then-prevailing lodge ceremonies published in 1760 – Washington was then likely shown a group of hand-drawn images from the Bible and of stonemasons’ tools, probably drawn in chalk on the floor, but possibly painted on a wood panel. This instructional chart, or “tracing board,” would guide Washington as the lodge lecturer explained the symbolic meaning of his initiation. The lecture also explained the importance of the five senses of human reason and the seven liberal arts and sciences – especially geometry. Once the lecture finished, Washington was re-conducted to the anteroom where he recovered his worldly possessions.

It remains unknown what Washington thought of the three degrees he received, or if they made any lasting impact upon him.

The months between his initiation in November 1752 and his attendance at the first meeting after he was raised to Master Mason in September 1753 were a pivotal time. In December 1752, he came into sole possession of Mount Vernon when his sister-in-law and niece moved to the Fairfax estate. In February 1753 he passed his twenty-first birthday and was appointed the Virginia Adjutant General for the Southern District with a rank of major.

In November 1753, Virginia Governor Robert Dinwiddie appointed Washington to carry a message to the French forces in western Pennsylvania. A great adventure was before him. In the fourteen months that followed, Washington gained honor leading expeditions to western Pennsylvania, but also suffered defeat at Fort Necessity, before he reappeared in Fredericksburg Lodge on January 4, 1755. His childhood was then far behind him and before him was a promising future of active military service. Like so many other men, Washington’s Masonic initiation marked one of the last passages from boundless youth into dutiful manhood.

Mark A. Tabbert is the Director of Archives & Exhibits of The George Washington Masonic National Memorial Association.

Meet Tim Strawn, Director of Development

Hi! My name is Tim Strawn. I'm the new Director of Development here at the Memorial! As a longtime Mason and a proud Senior DeMolay, I've known of the Memorial for many years and visited here several times. On one of those visits, I brought about 35 brothers and sisters from my lodge (New England N^o 4 in Worthington, Ohio) and Eastern Star chapter (Worthington N^o 287) to experience this incredible structure, its history, and spirit. They still talk about the visit and how they were in awe of this very special place. Little did I ever think then that someday I would have the opportunity and honor to work here. What an incredible experience it is!

I grew up in the Order of DeMolay as a member of Canton Chapter (Ohio), served in local, district, and state offices, ultimately as State Master Councilor (SMC) in 1970-71. I was raised a Master Mason in Canton Lodge N^o 60 (the lodge of another president: William McKinley) while SMC in June, 1971. I belong to the York and Scottish Rite bodies, am a Past High Priest of Horeb-Wright Chapter N^o 3, RAM, as well as a Past Commander-in-Chief and Chairman of the Board of Trustees of the Valley of Columbus. A Past District Deputy Grand Master of the 14th District of the Grand Lodge of Ohio, I'm a 33^o Mason and an officer or past presiding officer in several of our invitational organizations. An Active Member of the International Supreme Council of the Order of DeMolay, I am also a member of the Ohio DeMolay Hall of Fame. Currently, I serve as the Chairman of the Board of Governors of the Children's Dyslexia Center in Columbus.

Professionally, I've served as the Executive Director of an international technical society, the President of the Benevolent Endowment Foundation at The Ohio Masonic Home and Senior Development Officer for a multi-unit health care organization. I held the distinction of Certified Association Executive (CAE) for 27 years and am currently the President of the Charitable Gift Planners of Central Ohio.

Personally, I have an adult daughter who is a Past Grand Worthy Advisor of Rainbow Girls in Ohio and a graduate, like me, of Bowling Green State University. An active member, Elder, Deacon, and former Trustee of my Presbyterian church, I am a former member and Chairman of the Board of Trustees for the church's K-5 Academy.

I look forward to meeting and working with many of you. In this position, I have the good fortune to work with people who are interested in making a difference in the world today by supporting, in a variety of ways, this nearly century-old repository of the values and character of our dear brother, General Washington.

It's an exciting time at the Memorial as we plan for the 100th anniversary celebration, in February, 2023, of the cornerstone laying for the building. Following that, we are looking forward to

moving into a more focused, active role in presenting that education referenced in our mission statement. We hope you'll be with us for the anniversary celebration and follow the news of what's happening at the Memorial.

In the development area, we're currently working to bring a new comprehensive data management system, made specifically for organizations like ours, to the Memorial. It will provide many new capabilities for us, eliminate multiple earlier systems that were not inter-connected and bring many efficiencies of operation. Another addition is a website which will provide information about charitable giving, wills, estate planning and other related areas. Built in videos and calculators enable you to learn in the comfort of your home how giving can benefit you and provide support for the Memorial. Constantly refreshed and updated, it will be a valuable resource for you as you consider these topics.

Also, we'll be providing a companion monthly newsletter which will include not only news about the Memorial but also information about the latest developments regarding financial news, Washington news which may affect your taxes and planning, and other topics. Among those topics are ways to help you save money, shop wisely and improve your health. If you want to make sure you receive that newsletter, drop me a note at: tstrawn@gwmemorial.org, including your email address as well as your street address and phone number. I'll personally see that you're on the list to receive it. As a small token of thanks for providing that information, I'll send you a copy of *George Washington's Rules of Civility*, a document which shares some of the practices, philosophies and rules which guided Brother Washington's life.

Our first-ever calendar project, launched last September, has been an outstanding success in bringing us almost 2,300 new donors and raising \$308,000. We have also received many compliments on the beauty and quality of the calendar. While we won't do a calendar every year, we look forward to the opportunity to provide our friends with more beautiful photos of the Memorial as well as dates/events important in the life of our dear Brother Washington. Thanks to all who supported the calendar project.

We're already working with brethren who want to make estate gifts to the Memorial and monitoring the administration of the probate process for two other estate gifts to the Memorial which have matured. We're pleased and honored to work with anyone interested in learning how estate gifts — and there are several types of them — can benefit their families and the Memorial.

If you have any questions or if I may help you in any way, please don't hesitate to contact me at tstrawn@gwmemorial.org.

I look forward to meeting you in my travels! Till then, take care and remember the words of Winston Churchill: "*We make a living by what we get. We make a life by what we give.*"

Participate in the Memorial Hall Windows Project

by George D. Seghers

We are seeking support for a project that has brought golden light to Memorial Hall here in The George Washington Masonic National Memorial. The original plans for Memorial Hall featured amber glass windows with scalloped screens on the interior of the window wells. This was never completed – instead, stained glass windows of inferior design and craftsmanship were installed with plastic panels on the exterior. These were framed in wood instead of zinc or bronze and had rotted and permitted water penetration. This resulted in significant leakage of both air and water and was a factor in the damage to the United States Capitol Cornerstone mural and the wall behind the mural. As a major component of the restoration of the Memorial we had bronze windows with amber glass fabricated and installed last autumn. These windows are five feet wide and ten feet high. We are providing the opportunity for a Grand Lodge, a Lodge, an Organization or Individual to sponsor one or more of the new windows for a contribution of

\$50,000.00. The sponsoring Grand Lodge, Lodge, Organization or Individual will be memorialized perpetually with their name cast in bronze and displayed in Memorial Hall.

The restoration of the Memorial began in 2009 with a complete assessment of the Memorial building and grounds. The restoration, upgrade and improvement of the Memorial has been a continuing process since that time. One of the most significant projects was the removal, restoration and reinstallation of the Allyn Cox painting in Memorial Hall depicting President and Brother George Washington Laying the Cornerstone of the United States Capitol in 1793. This event was the most significant and the most important Masonic ceremony held in the history of our country.

The very foundation of our nation was built on Masonic principles and the cornerstone laying Masonic ceremony was a public affirmation of that fact. This beautiful painting, which is 47 feet wide and 18 feet high, has now been returned to its place of honor in Memorial Hall. In conjunction with and immediately following was the fabrication and installation of the amber windows which now bathe Memorial Hall in golden light, just as called for in the original plans.

We currently have four windows sponsored:

1. The Grand Lodge of Minnesota
2. The Masonic Charity Foundation of Oklahoma
3. AASR Supreme Council NMJ, AASR Valley of Pittsburgh, Pennsylvania Youth Foundation and Pennsylvania DeMolay – In Honor of Sam Williamson
4. Warwick Lodge N^o 336, Newport News, Virginia

Additionally, we have received contributions from:

1. Washington Daylight Lodge N^o 14, District of Columbia – \$20,000 (pledge)
2. The Grand Lodge of Oregon – \$12,500
3. The California Masonic Foundation – \$10,000.00
4. District of Columbia Scottish Rite Foundation – \$5,000
5. An Individual – \$1,000.00
6. Acacia Lodge N^o 11, Cheyenne, Wyoming – \$100
7. Devil's Brigade Chapter N^o 558, Montana – \$100

Thus we have four windows fully dedicated, one window partially sponsored, and one still available for dedication. To learn how you or your organization can become part of this historic project, please contact Executive Director George D. Seghers at gseghers@gwnmemorial.org or by calling 703-683-2007, ext. 2010.

Sunlight streams into Memorial Hall through the updated windows, installed in 2020.

Through the Pandemic, Our Educational Efforts Continue

by Shawn E. Eyer

The Covid-19 pandemic brought many changes to the Memorial. After a prolonged closure, the Memorial reopened to the public under restrictions required by public health guidelines. Carefully adhering to national, state, and local requirements, the Memorial participated in the City of Alexandria's ALX Promise program in order to provide a safe and low-risk environment for our visitors and staff. The tower exhibits were closed due to the inability to support social distancing for tour groups using our elevators. Tours have been limited to fifteen participants in order to ensure that individuals may remain six feet apart. These measures have been successful, as — despite being one of the city's most prominent tourist destinations — the Memorial has not been a site of Covid transmission. We are pleased to announce that some of these restrictions are now being lifted. Following the latest professional guidance, masks are no longer required for those who are fully vaccinated. We look forward to a complete return to normal operation in the not-too-distant future.

While the pandemic brought many challenges, we have remained focused on our vision: *to inspire humanity through education to emulate and promote the virtues, character, and vision of George Washington, the Man, the Mason, and Father of our Country*. Education, of course, is the heart of our work. Numerous educational initiatives were launched during the last year, and their ongoing success encourages us to continue to provide them even after the pandemic restrictions are lifted.

Virtual Tour Opens New Learning Possibilities

When it became clear that tourism at the Memorial would be impacted by health restrictions, we created a new online tour of all of the public spaces of the building using a special camera that produces three-dimensional images. Anyone with virtual reality equipment may now enjoy an immersive experience of actually standing within the Memorial from the comfort of home. These tours work on any computer system, and even using a typical computer, tablet, or smartphone, the tour is highly engaging and informative — and is being updated with new features. To experience this sophisticated new way to visit the Memorial, please visit <https://gwmemorial.org/virtual>.

Teaching — In Person and Online

Lately, many have sought Masonic Light by connecting over teleconferencing software to programs and lectures. Since the pandemic started, I hosted three “virtual” Feasts of St. John in order to raise awareness of the Memorial. Online lectures have been provided to Martinez Lodge N^o 41 of California, Ohio's First

District Society of Past Masters, the Grand Lodge of New Hampshire's Virtual Day of Light, Alexandria-Washington Lodge N^o 22, and the United Grand Lodge of England's Province of West Lancashire. I am happy to provide these opportunities upon request.

Even our 2021 celebration of Washington's Birthday was offered as an online program, since the regular Gala could not be held. A special program, *A Toast to Washington*, was produced and distributed online. Washington's mother lodge, Fredericksburg Lodge N^o 4, provided a short ceremony honoring Washington, followed by toasts by the Memorial Association's President, Claire V. Tusch, and others (see photo below).

While online education is important, we're especially pleased to announce that in-person presentations have resumed. On July 1, 2021, I presented a complete update on the Memorial's restoration work to Warwick Lodge N^o 336 of Newport News, Virginia — a lodge we are overjoyed to welcome as our newest Landmark Century Architect.

Additionally, plans are underway to resume the training of new Memorial Ambassadors, who play an important role in advancing the message of the George Washington Masonic National Memorial by promoting awareness through education, experience, and support of the Memorial's work. Now that travel is becoming easier again, we expect to hold training sessions in California, Michigan, Ohio, and other states very shortly.

For more information about how the Memorial can provide information and education for your organization, please contact me at seyer@gwmemorial.org, or call 703-683-2007, ext. 2013.

Shawn Eyer is the Director of Communications of The George Washington Masonic National Memorial Association.

President Claire V. Tusch raises a glass to Washington during our 2021 Washington's Birthday Celebration, which was held only online due to public health requirements.

Pen and watercolor study of Memorial Hall's north mural, depicting George Washington and Pennsylvania Masons attending a Saint John's Day observance in Philadelphia's Christ Church on December 28, 1778. Gift of Sharon L. Heimiller (2021.03.01).

Allyn Cox Artwork Donated to Museum Collections

The Memorial is pleased to announce the contribution of a large collection of artwork by Brother Allyn Cox (1896–1982), the creator of the Memorial's famous murals. This group of twenty-four pencil, watercolor, and charcoal studies of various sizes was donated by Ms. Sharon L. Heimiller. Most of the items relate to completed or planned murals within the George Washington Masonic National Memorial.

Allyn Cox worked largely in the style of his father, Kenyon Cox, with whom he apprenticed. Later, he studied at the National Academy of Design and the American Academy in Rome. Upon his return to New York, Cox launched a career in mural painting, completing notable murals and decorative paintings for private residences, businesses, churches, and public buildings.

Member Services Update

The George Washington Masonic National Memorial is still open to the public daily. While Covid-19 has taken its toll on many, we continue to strive to educate and bring the best experience we can to our visitors.

As traveling once again becomes more common, we encourage your visitation by registering first on our website to reserve your time slot. We continue to take the safety of our guests and staff seriously and implemented a few changes since last summer. All staff and visitors were required to get their temperature taken upon entering and must wear face masks while inside, but this has been relaxed based upon the latest guidance. Tours are now limited to fifteen persons throughout the building and all parties are socially distanced from one another. Another alteration is that the tours were temporarily updated to the first and second floors only. While

Beside his outstanding murals for the George Washington Masonic National Memorial's Memorial Hall, some of his most famous commissions include the Law School at the University of Virginia, Charlottesville; the William A. Clark Memorial Library at the University of California, Los Angeles. He is best known for his work in the United States Capitol, beginning in 1952 when he undertook a congressional commission to restore and complete the murals in the Capitol rotunda begun by Constantino Brumidi and Filippo Costaggini in 1878. During his years in Washington, D.C., Cox restored the Frieze of American History and the Apotheosis of Washington in the Rotunda, and designed murals for three first-floor corridors in the Capitol's House wing, now known as the Cox Corridors.

the exhibits in the tower are no longer a part of the current tour for the safety of staff and guests alike, one can enjoy all the spaces like before by visiting the virtual tours page on the website.

Like others, we had to change our usual annual events by canceling the George Washington Symposium and Gala. In place of these events, the Memorial celebrated Washington's 289th birthday on February 22nd by presenting an online video hosted by Claire V. Tusch, President of the GWMNMA. This celebration included toasts to Washington offered by Executive Director George D. Seghers and Memorial staff (see page 9). We hope you will join us next year in person for the Symposium and Gala.

Tyler Vanice is the Director of Member Services of The George Washington Masonic National Memorial Association.

The Memorial Dedicatory Tree and Bench Program

The Memorial Tree and Bench Programs were conceived in 2001 to beautify the Memorial grounds, reduce erosion and run-off, provide a habitat for birds and wildlife and to establish a tree canopy to create much-needed oxygen for the community. The program is a meaningful way to honor and remember individuals and organizations with a living memorial. Since the inception of the program, over 740 trees have been planted on the grounds of the Memorial.

With a contribution of \$750.00, a tree is planted on the Memorial grounds. An Acknowledgment letter and a Certificate describing the Dedication are received by all participants and a granite marker is installed near the tree identifying the Honoree(s) and Donor(s).

Dedicatory Granite Benches are also available for a contribution of \$2,500.00 and are installed on the grounds of the Memorial and can be dedicated in Honor or Memory of an Individual or Organization.

Information, including a printable order form, is available on our website at <https://gwmemorial.org/products/tree>. For additional information about how you can participate in this program with a tree or a bench, please contact George D. Seghers at gseghers@gwmemorial.org or 703-683-2007, ext. 2010.

Dedicatory trees complement the Memorial's striking appearance with natural beauty.

A bench dedication provides an elegant and enduring statement.

The George Washington Memorial Society

The George Washington Memorial Society is dedicated to supporting the Memorial and its mission to raise support for and to increase awareness of the Memorial among Freemasons and in the community. Membership in the Society consists exclusively of Charter Members. Charter Members are individuals who donate \$1,000 or more to the Memorial with their membership application and pledge an additional \$250 or more per year thereafter.

The emblem of the Society is a special version of the official crest of The George Washington Masonic National Memorial Association. An image of the Memorial building in the center of the emblem serves as an important reminder of the commitment that each member of the George Washington Memorial Society has made. Members receive a unique, hand-printed patent signifying their Membership in the Soci-

ety along with a high-quality, specially produced medal. The names of the Charter Members are displayed on a plaque in the Memorial as well as on the website. Charter Members are also invited each year to attend a private reception at the gala celebration of George Washington's Birthday in February.

Membership in the George Washington Memorial Society is available for any individual. Membership in Freemasonry is not required. We hope that you will join us by being a part of the George Washington Memorial Society and wearing your jewel with pride.

You may join the Society or renew your membership by visiting our website at <http://gwmemorial.org/pages/gwms>. For additional information, please contact the Memorial's Executive Director, George D. Seghers, at gseghers@gwmemorial.org or by calling 703-683-2007, ext. 2010.

Upcoming Symposium on Scottish Masons in America

Have you ever wondered about the influence of Scottish Freemasons in America? If so, please plan to attend our symposium, *Scottish Freemasons in America, 1750-1800*, to be held November 4 to 6, 2022. Over the course of two days, selected academic and Masonic speakers will deliver in-depth academic presentations of the history and impact of Scottish Freemasonry on early American Freemasonry.

Our featured speaker will be Robert L.D. Cooper, Curator of the Grand Lodge of Scotland. He is a member of Quatuor Coronati Lodge N^o 2076, and the author of *The Rosslyn Hoax?*, *Cracking the Masonic Code*, and *The Red Triangle: A History of Anti-Masonry*. Brother Cooper and the additional presenters will provide much-needed insight into the rich legacy of Scottish Freemasonry in America.

This symposium will not be strictly an academic event, but will include mem-

orable social events. Participants will be able to pay a special visit to George Washington's mother lodge, Fredericksburg Lodge N^o 4, on the 270th Anniversary of his raising to the third degree. Originally chartered by the Grand Lodge of Scotland, Fredericksburg Lodge has the distinction of having twenty-year-old George Washington as one of its first applicants.

The symposium will also include scotch-tasting, Scottish food and other social events that celebrate Scottish culture.

Further information will be posted on the Memorial's website and Facebook page as it becomes available. Please contact Mark A. Tabbert, Director of Archives and Exhibits, with any questions about this event by emailing mtabbert@gwmemorial.org, or calling 703-683-2007, ext. 2012.
